UCRAYS Replaces AYSO

Have you Signed into UCRAYS?

UCRAYS, (UC Retirement At Your Service) has replaced At Your Service Online (AYSO) for retirement related services. It is a secure website that will give you greater access to UC retirement information and offer more ways to view and manage retirement information in a user-friendly format. Visit <http://retirementatyourservice.ucop.edu>

How do I register/log in to UCRAYS?

To view a video with step-by-step instructions, log in to AYSO. In the Main Menu, under "Stay Connected" is a link to a short UCRAYS video demonstrating how to register and login to UCRAYS.

First time users will see the following steps:

1. UCRAYS will launch as a new website or you can go to AYSO and you'll see links to UCRAYS.
2. Log in with your AYSO username, if you have one. If not or if it has been more than two years since you last logged on, you'll need to create a new account.
3. At your first login, and after agreeing to UC's privacy statement and terms of use, you will be asked questions to confirm your identity
4. After agreeing to UC's privacy statement and terms of use, enter — for your first login only — your Social Security number and date of birth.
5. As a new security feature, you'll be asked a few questions based on personal information that only you are likely to know.
6. Create a new password for your UCRAYS account.
7. If you're using a computer or smartphone that is secure, register your trusted device. This can reduce the steps in the log in process.
8. Add your cell phone number and personal email address, if they're not already on file.
