UCI Emeriti Association - Did You Know?

1. New RASC Call System: In response to the horrendous wait times associated with calling their helpline, the UC Retirement Administration Service Center (RASC) has hired a new triage call management system that started May 25th. We hope this speeds up getting answers to retiree questions.
2. UCI has a large number of seminars, news bulletins, and even videos sponsored by our many schools that are available to retirees. For information and links regarding the latest in health issues, browse such sites as:
